## HALL'S Vegetable Sicilian HAIR RENEWER

was the first preparation perfectly adapted to cure disease of the scalp, and the first successful restorer of faded or gray hair to its natural color, growth, and youthful beauty. It has had many imitations, but none have so fully met all the requirements needed for the proper treatment of the hair and scalp.

HALL'S HAIR RENEWER has steadily grown in favor, and spread its fame and usefulness to every quarter of the globe. Its unparalleled success can be attributed to but one cause: the entire fulfillment of its promises.

The proprietors have often been surprised at the receipt of orders from remote countries, where they had never made an effort for its introduction.

The use for a short time of HALL'S HAIR RENEWER wonderfully improves the personal appearance. It cleanses the scalp from all impurities, cures all humors, fever, and dandruff, and thus promotes baldness. It stimulates the weakened glands, and enables them to push forward a new and vigorous growth. The effects of this article are not transient, like those of alcoholic preparations, but remain a long time, which makes it a true restorer of economy.

Prepared by R. P. HALL & CO., Nashua, N. H. Sold by all Dealers in Medicines.

FOR ALL THE FORMS OF Scrofulous, Mercurial, and Blood Disorders.

Ayer's Sarsaparilla.

Sold by all Druggists; 50¢ a bottle, \$1.

Is the Republican for or against Lincoln?

Where does the responsibility rest for the present trouble in our city affairs? Will Lake, at the request of the mayor, vote for \$500 licenses, or will the mayor make that request again?

We met a bunch of republicans yesterday who expressed the opinion that the party would take grounds for high license in Decatur as a step towards prohibition. Well, we think this is about the size of it. The grand old party was anxious for the responsibility in city affairs, and after careful consideration the bosses are going to take this way out of the difficulty. We suppose they will give high license this year, and no license next. Is this the plan, Bro. Republican?

Tax indications now are that Hon. Carter Harrison of Chicago will be the democratic nominee for governor, without opposition, and that Hon. Henry Seiter of St. Clair county will be accorded second place. The nomination of Harrison will bring out a deluge of personal abuse from the republican press of the state, but when the campaign opens and he has opportunities for meeting the people, they will find him to be a courteous, intelligent gentleman. He will make a stirring canvasser, and should be met "Boaring Dick" on the stump, in joint debate, the latter will find that he has a hard row to hoe.

It pains us to note that our worth contemporary, the organ of the republicans of Macon county, is so strangely silent on the matter of "Jake" Wheeler's dealings as U. S. marshal of the Southern District of Illinois. We called the attention of the Republican to this matter several days ago. It is not "a democratic lie." The facts are brought out by an examination by government officials. They make a report in which they say "that the marshal's office during Marshal Wheeler's incumbency had been sadly deficient in system, and it was also plainly demonstrated that the duties of the office had been performed in a very loose and careless manner and presumably with a view to increasing the costs against the United States to their utmost limit, so as to obtain the maximum compensation allowed by law to the marshal and his regular deputies. We found that the accounts rendered by Marshal Wheeler not only contained many irregularities, but they also contained fictitious and fraudulent charges for services never performed. The accounts examined by us contained charges against the United States for mileage never traversed; transportation of prisoners when none were transported; expenses charged for endeavoring to arrest when no expenses were incurred; charges for guards when no guard was employed or used; subsistence of prisoners when none was furnished; attendance of deputies and guards at preliminary examinations before United States commissioners when the alleged deputy or guard did not so attend and when there was no necessity for their attendance and charges for committing prisoners when they were not committed." "Jake" declares that his wicked deputies, Gen. Reese, Chester P. Davis and Geo. C. McCord did it, although he admits that he entered into a contract with them that he was to have the maximum amount of salary allowed by law, \$8,000, out of the fees, and they were to have the balance, and that they probably overdid the thing. But "Jake" has been a good contributor to the party funds, and will probably be white washed. Gen. Reese is well known in militia circles, and Davis at one time served as state senator from the Champaign district, his home being in Monticello. We cannot locate McCord.

The foremen of the day and night shifts in the equipment shaft of the Decatur Coal mine had a cock-fight on Tuesday. A conflict of authority was the cause.

Harvest will commence within the next week or so and then there will be plenty of work for all men who are inclined to put in a few days of good honest toil.

The Wabash receivers are engaged in paying the taxes on all divisions of the road actually owned by the company, but are giving no attention to the leased lines.

According to rumor which is apparently well founded, Judge Drummond of the United States circuit has forwarded his resignation which will take effect on Tuesday next.

Billy King, the target turner at the depot, and some other gentlemen, got the benefit of a case of butter yesterday, which fell from an express truck and splashed on their pants.

It is stated that H. F. Clark, late superintendent of this division of the Wabash, will soon connect himself with a leading western road. He has at least had a good offer from one.

The Wabash receiver has issued orders to the conductors not to honor any tickets issued before May 1st, this year. This is rather rough on the traveling men who have thousand-mile tickets.

The game of croquet, once so popular here, is now almost a thing of the past. A few families in the city still retain their croquet sets but not many. Lawn Tennis is now spoken of here and may soon be introduced.

The Gassaway case was submitted to the jury yesterday morning with out argument, and a few moments later a verdict of not guilty was rendered. Alice Gassaway, the accused, left the court room in company with her uncle.

On Sunday a remarkable storm passed near Havana, Macon county. The cloud was funnel-shaped, and moved in a circle. Where it touched the earth, it left evidence of a devastating fire. There was no wind, but incessant thunder.

The organization of a Congregational church in this city is still being agitated and those having the movement in charge are confident of success. They will hold preaching on Sunday at the regular hours in the Y. M. C. A. rooms on Merchant street.

The following are the estimated earnings of the Illinois Central for the week ending June 15, 1884: Freight, \$127,850; passengers, \$51,397; miscellaneous, \$23,450; total, \$202,697; corresponding week last year, \$247,845; decrease for 1884, \$45,148.

In no hands could the Midland have been placed to have secured better management than those of Mr. Conklin, the present receiver. He regards him as a man of fine practical sense.

At certain seasons of the year nearly every person suffers to a greater or less extent from impurity of the blood, biliousness, &c. &c. This should be remedied as soon as discovered, otherwise serious results may follow. She-man's "Prickly Ash Bitters" will effectively remove all taint of disease and restore you to health. j19wlm

Next week there will be a big crowd of strangers in this city on account of the National Prohibition camp-meeting, which commences on Tuesday and continues ten days. Arrangements are being perfected for the reception and entertainment of a large crowd. On July Fourth, music will be furnished by Goodman's band.

Newspaper reporters don't seem to know much more than some other folks after all. A Joliet News man tried to jump on a rapidly moving train the other day and was thrown down and received a cut on the head. He had been warning people against doing that thing ever since he became a newspaper man, but he did it himself just as foolishly as any of them.

The good and patriotic people of Nanticoke are making extensive preparations for an appropriate observance of the Fourth of July. The programme will embrace a grand procession, which will move at 10 o'clock a. m., headed by the Hiobian band of Decatur. Speeches will be made by several able orators, the Declaration of Independence will be read, and fire works will be displayed in the evening. A capacious dancing platform will be erected, and terpsichorean music furnished by the Nanticoke string band. j24tf

Logan county has taken the hasty way of punishing criminals, which is not only just and proper, but saves money for the county. On last Saturday a fellow named Adams committed a burglary at Atlanta. He was arrested and brought to Lincoln where a special grand jury was impaneled on Monday. A true bill was found against Adams, who immediately appeared before Judge Herdman and pleaded guilty. He was sentenced to two years in the penitentiary and within a few days will be confined there. This is the proper way to handle criminals.

Messrs. S. T. Johnson & Co., commission merchants of this city, furnish us the following review of the grain market. "Our Chicago markets are all stronger to day, and should there be no more failures in Wall street, we can look for higher prices. Wheat is certainly cheap at 55 cents—the lowest cash wheat has sold in June in a great many years. Our stocks are only 5,350,233 bushels—a decrease of 1,150,590 bushels in the past seven days, which at this rate for July will leave our elevators bare of wheat by end of that month. The future price, however, depends largely on how much is held back in farmers hands, and this is particularly so with corn."

The Central Illinois Art Union met at Springfield Tuesday, and among other things decided that the exercises of the meeting of the societies be as follows: 1. Music from master composers of the country whose art is being studied. 2. Current art notes. 3. Criticism. 4. Study—limited to the art of one nation and one period. 5. Readings or lessons from standard authorities. 6. Eight essays during the year, the subjects the same for all the societies. Tuesday evening Mr. Charles Ridgely, president of the Union, tendered the visitors a reception at his elegant home in Springfield. The delegates to the meeting from here, were Mrs. O. Z. Greene and Mrs. F. J. Sedgewick.

Marshall Mason was around yesterday morning, busy with people to clean them all up.

A marriage license was issued yesterday to John K. Kitchman and Miss Mary C. Gage, both of Forsythe.

A warrant was placed in the hands of an officer last evening for the arrest of Charles Cartmell, the prosecuting witness in the Tinkler case. The badge in the same as professed against Tinkler.

The infant daughter of Mr. and Mrs. J. G. Gents, died at their residence, No. 914 North Water street, on Wednesday, of cholera infantum. The funeral took place yesterday afternoon from the family residence, Rev. Newcomer, officiating. Mr. Gents is foreman at the wagon factory.

If there ever was an unaccommodating set of "mugwumps" in an editorial sanctum, the State Register at Springfield, has them. It rises them up to even speak to them by telephone. The Register's proprietors are courteous gentlemen, but some of their employees have had poor "fotchin up."

Rev. James Tompkins, of Chicago, State Secretary for the Congregational churches, will preach next Sabbath, morning at 10 o'clock, in Y. M. C. A. hall, 148 Merchant street. Services at 10:30 a. m. and 7:45 p. m. All are cordially invited to attend. All interested in a Congregational church are invited to tarry after morning service for consultation.

A cool wave struck this vicinity yesterday afternoon to the satisfaction of every one except the man who is never satisfied with any kind of weather. This individual immediately commenced to complain that it was too cold. The majority of the people who have not known what it was to be comfortable for several days past, were indeed thankful for the change. Last night was a good one for sleeping.

The latest swindle exposed by the ever vigilant newspaper is that of the traveling man who goes from farm house to farm house and secures an order for a Gross Washing Machine, warranted to do the family washing and ironing while the mother and daughter entertain company in the parlor. The farmer gives an order for one of the Gross machines, and a few days later receives a gross (44) of the machines together with a bill for them, which amounts to enough to hire a washer woman for several centuries. Several farmers in the vicinity of Peoria are reported as having been victimized by this class of swindlers. Newspapers are always sounding alarms and exposing swindlers but the people continue to bite at the thin bait thrown them by strangers, and when they do bite, they take hook and all, and then squeal when they are hauled in.

PERSONAL

Rev. D. P. Bunn went to Urbana yesterday afternoon.

TINKLER'S TRIAL

The Jury Returns a Verdict of Not Guilty without Leaving their Seats.

Myron W. Tinkler was tried in the circuit yesterday afternoon for assault with intent to murder his brother-in-law Charles Cartmell, whose home is in Kansas City. The affair occurred one Sunday afternoon at Tinkler's home on West Edmund street. His family relations had not been as pleasant as they should have been, or at least visited them occasionally. On the Sunday afternoon when Tinkler went to his home Cartmell was there, and a quarrel arose between the two. The quarrel was a bloody one, Tinkler being armed with a knife and Cartmell with a poker. The latter was stabbed once or twice and was in a dangerous condition for several days, but soon recovered and returned to his home in Kansas City. Tinkler was terribly bruised about the head from the poker in his brother-in-law's hand, but was arrested and at his preliminary hearing was sent to jail in default of bail. It was always a question as to whether or not he acted in self defense.

At the trial yesterday Attorneys Bunn and Orea appeared for the defendant and L. D. Walker for the prosecution. Cartmell, the prosecuting witness, was present and testified as did members of Tinkler's family who saw the fight. Dr. Watson, the attending physician during Cartmell's illness testified, and Tinkler was himself placed on the stand.

There has always been considerable prejudice against Tinkler but the evidence yesterday showed him to have been in the right and to have acted in self-defense. The defense closed their case last night at half past nine, Tinkler being the last witness to testify. When he concluded, Attorney Orea proposed to submit the case to the jury without argument and that the judge instruct the jury orally. This was accepted by Attorney Walker for the prosecution, and Judge Smith delivered a few brief instructions in regard to the law and penalty. He informed the jury that he would hold court a short time for their verdict. The foreman arose and asked if the verdict could not be rendered without the jury retiring, and was assured that they could. After a second's conference a verdict of not guilty was returned. Tinkler was heartily congratulated by his friends and walked from the court room a free man.
